

2-Stage Carbon Fibre ENG Pozi-Loc Tripod 100 mm

SKU: 3772-3

Rigid camera support delivering optimum picture control for ENG applications

PRODUCT DESCRIPTION

This two-stage carbon fibre tripod has an unrivalled height range capability. It is light weight, quick and easy to set-up and provides excellent operational flexibility. Vinten tripods are precisely manufactured using the highest quality materials, to optimise torsional rigidity. The Pozi-Loc cam operated clamping system requires low effort with a 90° turn from on to off, providing the user with a positive indication that the tripod is securely locked. The profile of the knob ensures that the camera cables cannot snag.

Key features

- Torsional rigidity minimises spring back
- Leg clamps for class leading stiffness
- Toggle leg clamps clearly show the tripod is locked
- Leg catch for easy transport and storage
- Joint clearances minimise free movement when panning
