

HDT-1 Heavy Duty Tripod

SKU: 3901-3

Single stage Heavy Duty Tripod with dependable strength for studio and OB use

PRODUCT DESCRIPTION

Offering the most extensive height range available from heavy duty tripods the HDT-1 single stage tripod also features increased torsional rigidity and robustness - ideal for large camera and lens combinations in any studio or OB application. The pinned and glued telescopic leg design provides a wide range of height adjustment whilst offering superior strength and reliability. Set-up has been made even simpler with the addition of engraved leg markings for rapid, even deployment and an integral level bubble allows for fine level adjustment. The clamping system provides progressive feel to a positive stop which indicates when the leg is locked, ensuring simple and confident clamping. Whatever the terrain, the HDT's three-position swivel foot ensures a stable base.

Key features

- Single piece mid-level spreader for added strength
- Integral carry handle for carrying comfort
- Convenient set-up features - Leg markings for easy height positioning and levelling bubble
- Three-position swivel foot - Spike (excellent for wet ground), pad and socket for all applications
