

Vector 950 Pan and Tilt Head

SKU: V3996-0001

The ultimate head for enhanced control of long lenses, large rig-ups and 4K applications

PRODUCT DESCRIPTION

With a capacity of up to 120kg / 265 lbs, the Vector 950 is the ultimate head for enhanced control of long lenses and large rig-ups for studio and OB broadcast cameras.

TF drag allows outstanding whip pan control and an extensive operational temperature range from -40°C through to +60°C. The high output tilt drag modules also provide superb holding force and enhanced control in windy conditions.

Key features

- Tilt centrelock to safely swap high payloads
- Retractable carry handle for easy transportation
- Replaceable pan bar fittings for long serviceable life
- Automatic backlit dials for low light conditions
