

## VEGA Presenter Tracking Host Computer

**SKU:** V4090-0002

### VEGA Control System

- Linux rackmount chassis designed to support VEGA Presenter Tracking
- Integrated video capture card
- Integrated high performance GPU
- Includes compact keyboard and mouse

## PRODUCT DESCRIPTION

The VEGA Presenter Tracking Host Computer provides an ideal platform for building a tracking appliance. Incorporating video capture and a high performance dedicated GPU, the chassis includes everything needed to support a Presenter Tracking installation. Each appliance supports up to 2 tracking cameras.
