

## Vinten Vantage

**SKU:** V4142-0001

Go beyond a PTZ and future proof your studio

## PRODUCT DESCRIPTION

Compact robotic head that supports the latest pro-camcorders for ultimate on-air movement and image quality with payload up to 4.5 kg / 10 lbs.

Key features:

1. Control your broadcast quality pro camcorder and lenses
2. High repeatability and accuracy ensuring consistent production values
3. Accurate, smooth movement at a wide range of speeds
4. Future proof your studio by utilising a PTZ solution that allows you to change your camera and lens as your needs adapt.
5. Quick set up works with existing HD-VRC control, Tally indication displaying when live to air camera and integrated level bubble for correct set-up.
6. Fits your workflow with connectivity via serial, Ethernet, and Lanc.
7. Customise your workflow with VR option
8. Flexibility of the positioning with choice of mounts for your environment
9. Re assurance of 24 hour global network of service and support.
