

OSPREY lite

The Osprey lite is a lightweight, compact pedestal. It has 2 stages for achieving very high and low shots, and the upper stage is perfectly balanced for on shot tracking of talent. It has an integral manual pump and an inlet valve for use with an external supply, making Perfect Balance easy to achieve. In addition, the Osprey lite pedestal includes a pressure gauge for clear and reliable set-up and the detachable skid allows the pedestal to be simply broken down into two sections for easy storage and transportation. The Osprey Lite pedestal comes with track locks and adjustable cable guards for studio use.

- Detachable skid for easy transport and storage.
- Column can be adapted to work on dolly track with tracking dolly adapters.
- Perfect balance & adjustable second stage for wide operating range.
- Built in pressure gauge and integrated pump for easy set-up.
- Lightweight and compact.
