

# OSPREY plus

The Osprey Plus is capable of handling any payload up to 70kg / 154lb. It has 2 stages for achieving very high and low shots, and the upper stage is perfectly balanced for on shot tracking of talent. It has an integral manual pump and an inlet valve for use with an external supply, making Perfect Balance easy to achieve. There is a storage area for the camera operator. In addition, the Osprey Plus pedestal includes a pressure gauge for clear and reliable set-up and the detachable skid allows the pedestal to be simply broken down into two sections for easy storage and transportation. It comes with 12.5cm / 5 inch wheels, track locks and adjustable cable guards for studio use.

- Upper stage perfect balance for on-shot performance.
- Balance assisted second stage for easy elevation and extended height range.
- Built in pressure gauge and manual pump for easy set-up.
- Detachable skid for easy transport and storage.
- Pedestal supplied with Quickfix quick release system & operator storage area.
- Column can be adapted to work on dolly track with tracking dolly adapters.
